| Net weight | 21 g |
| Gross weight | 24 g |
| CE compatibility | Yes |
| RoHS compatibility | Yes |
| REACH compatibility | Yes |
| EAN code | 5901720136640 |
| Warranty | 24 months |

Description

Akyga® AK-SW-15 wireless charger was created for owners of **Apple Watch** smartwatches. Excellent attention to detail makes the adapter nothing inferior to the original. The colour scheme has also been retained, which is why it blends in with Apple products so perfectly. The charger has a **1 m cable** with a **USB connector**. Thanks to it, connecting to a power source is convenient, and the choice of the source is wide. The only parameters that must be met to enjoy fast charging of the watch are 5 V / 700 mA. Moreover, the charger has a **magnet built into the stand**, which makes the watch just land on the right place and does not disconnect during charging.

Fits models: Apple Watch Series 6, Apple Watch SE, Apple Watch Series 5, Apple Watch Series 4, Apple Watch Series 3, Apple Watch Series 2, Apple Watch Series 1, Apple Watch 1st generation.
