

## FEATURES

- Compatible with cables up to 6 mm in diameter
- 2 tin-plated brass contacts prevent corrosion and wear
- Connects to threaded chassis sockets
- Crimp termination
- Current rating of 1A
- Voltage rating of 48V
- Complies with standards ANSI/ESD S20.20:2014 and BS EN 61340-5-1:2007 to prevent damage from electrostatic discharge

## RS PRO Solder Connector, 2 Contacts, Cable Mount Miniature

RS Stock No.: 111-5754

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This miniature locking plug from RS PRO offers a space-saving solution for connecting cables securely. Its 2-pin female connector locks into a threaded chassis socket for fast and easy connection and disconnection. A crimp termination means there's no need to solder and your connections are protected against wear-and-tear as well as changes in vibration or temperature.

## General Specifications

<b>Number of Contacts</b>	2
<b>Housing Material</b>	Nickel
<b>Contact Material</b>	Tin
<b>Contact Plating</b>	Nickel
<b>Pole Format</b>	2P
<b>Contact Gender</b>	Female
<b>Mating Type</b>	Threaded
<b>Body Orientation</b>	Straight
<b>Application</b>	Marine, Automotive

## Electrical Specifications

<b>Plug/Socket</b>	Plug
<b>Current Rating</b>	1.0A
<b>Voltage Rating</b>	48.0 V

## Mechanical Specifications

<b>Connector Size</b>	Miniature
<b>Termination Method</b>	Solder
<b>Mounting Type</b>	Cable Mount

Approvals

Compliance/Certifications	ANSI/ESD S20.20:2014, BS EN 61340-5-1:2007
