

FEATURES

- **Connectors: Female Micro A-B to Male Micro USB B**
- **IP67 rated**
- **Plug & Play - no additional software required**
- **Improved shielding**
- **Length: 200mm**
- **Made from high-quality materials**
- **Highly durable & robust cable**
- **USB Type 2.0**
- **Colour: Black**
- **Used for connecting Micro A-B to Micro USB B port supported devices**
- **RoHS compliant**

RS PRO Panel Mount Micro USB-AB Socket to Micro USB-B plug with 200mm cable

RS Stock No.: 111-6750

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description ATTRIBUTE 1

This versatile Female Micro A-B to Male Micro USB B cable has been designed with customers in mind and manufactured from high-quality materials. This ensures reliability and fast connection speeds. Specially designed connectors and durable, waterproof cable ensure IP67 rating. This cable has been designed to be used both indoor and outdoor and is highly appreciated by engineers and technicians from marine, automation or military industries. This cable supports USB 2.0 protocol standard that allows for a data transfer up to 480 Mbps. It is finished in a stylish black colour.
