

## VS | PHASE-OUT

### DISCONTINUATION OF STANDARD LAMPHOLDERS AND CONTROL GEARS

Further products in the area of standard lampholders and control gear are currently being discontinued at Vossloh-Schwabe. Among the products about to be phased out are fluorescent and HID ballasts, electronic transformers, lampholders and accessories for fluorescent lamps, discharge lamps and incandescent lamps as well as LED drivers.

In concrete terms this means that you will no longer be able to place orders for some of these products, which are marked accordingly. All other products are currently being retailed as part of a warehouse clearance sale. You can still place orders for remaining stock (while it lasts) until **17th November 2017**.

Please contact us for corresponding alternative products.
