

RATCHETING SCREWDRIVERS

RATCHETING SCREWDRIVER

- Ratcheting bit holder screwdriver 1/4"
- Handle: 3-component handle with textured finish for maximum torque and minimum effort
- Interchangeable bit storage compartment with release button for quick access
- Slide tray that stores 6 different bits in a handy and secure way: PH 1, PH 2, PZ 1, PZ 2, slotted 4,5 and 5,5
- Magnetic blade secures the bit in the screwdriver and makes bit changing easy

• 808050

PISTOL HANDLE SCREWDRIVER

- Handle swivels and locks at 30° position for application of higher torque when necessary. This is especially important in work areas where there is little room to twist the screwdriver and the user's hand
- Locks at 180° for normal operation

• 808050P

LED LIGHT RATCHETING SCREWDRIVER

- Long-lasting LED lights mounted in front casing provide illumination in dark conditions

WE ARE INNOVATORS

BAHCO INNOVATES - INSULATED,
RATCHETING AND INTERCHANGEABLE
IN ONE TOOL!

BAHCO INSULATED RATCHETING SCREWDRIVER

INSULATED, RATCHETING AND INTERCHANGEABLE IN ONE TOOL!

INSULATED

The 808060 is certified according IEC 6090 and is suited for working on live equipment

RATCHETING

The 808060 has a 48 tooth non-conductive ratcheting mechanism

SLIM BLADES

The blades are 30% slimmer than regular insulated blades for better accessibility (e.g. sunken screws and spring elements)

INTERCHANGEABLE BLADES

Patented **blade release system** to easily and safely change blades without the blade falling out

SPARE BLADES & LOOSE HANDLE

- Single handle and blades are available as spare parts

DESCRIPTION	EAN	UNITS	LENGTH (mm)

NOT JUST A RATCHETING SCREWDRIVER!

The 808060 is an insulated ratcheting screwdriver combined with interchangeable slim blades, a revolutionary new innovation by Bahco. With this innovation Bahco combines all advantages in one ultimate tool, made in one of Bahco's own factories in Europe.

The **blade release system** built in the comfortable handle makes it easy and safe to change the slim blades without the blades falling out. The blades are 30% slimmer than the blade of a regular insulated screwdriver for better accessibility and more applications (e.g. sunken screws and spring elements). **A must have tool for electricians.**

SCREWDRIVER WITH INTERCHANGEABLE BLADES

- Insulated handle with interchangeable blades in set
- For working on live equipment up to 1000 volts
- Complete with roll up pouch with clear 1000V indication
- IEC 60900 compliant

DESCRIPTION	CONTENTS
808061 6 blades set in a nylon pouch	PH1, PH2, 0.4x2.5, 0.5x3.0, 0.8x4.0, 1.0x5.5, handle
