

# swivel flange SNCB-63-R3

Part number: 176947

FESTO

## Data sheet

| Feature                                 | Value                                         |
|-----------------------------------------|-----------------------------------------------|
| Size                                    | 63                                            |
| Based on the standard                   | ISO 15552                                     |
| Variants                                | Excellent corrosion protection                |
| Corrosion resistance classification CRC | 3 - High corrosion stress                     |
| Ambient temperature                     | -40 ... 90 °C                                 |
| Product weight                          | 371 g                                         |
| Materials note                          | Free of copper and PTFE<br>Conforms to RoHS   |
| Material mounting                       | Aluminium die cast<br>With protective coating |
| Material mounting pin                   | High alloy steel, non-corrosive               |
| Material bearing                        | Plastic                                       |
| Material screws                         | High alloy steel, non-corrosive               |
| Material lock                           | Spring steel, galvanised                      |
