## Drive Pin Punches

For Motor Service and Machine Shop Work

### No. 248 Series—8 Inch

STARRETT No. 248 Drive Pin Punches are extra long, measuring 8 inches long. The bodies are 4½ inches and the drive pin sections are 3½ inches long. They are made from specially selected tool steel, are well proportioned, hardened and have a knurled grip. They are designed to stand hard use and provide a most satisfactory punch for machine shop and motor service work. Just the punch to follow long cotter pins and the like into a hole without hindrance. The diameters of the punches are slightly minus the sizes shown below.

Starrett No. 248 Drive Pin Punches available in 5 different sizes as shown above. Also available as a set in attractive, protective case.
