

## PRODUCT INFORMATION SHEET

### Tool set, 18 pcs

#### Description

A set of pass-through sockets and accessories. All sockets are spline type which means they have a ridge in the centre of the side wall and contact the fastener at the approximate midpoint of the side. This specialised shape makes it possible to match sockets to hexagonal, dodecagonal, torx, spline, square and inch size nuts and bolts. The ratchet, sockets and accessories are pass-through, enabling work with long pins (shock absorbers).

#### Characteristics

- sockets and accessories made of high quality chromium-vanadium alloy steel
- deformation resistant
- drop-forged
- ratchet mechanism with 60 teeth
- 2 adapters for mounting a 1/4" and 3/8" ratchet
- packed in a case with metal locks and hinges
- interior of the case made of a flexible material which facilitates access to the tools and guarantees that all elements have a dedicated form and stay in place during transport

#### Set includes:

Pass-through sockets: 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 21, 22, 24 mm
