

Features

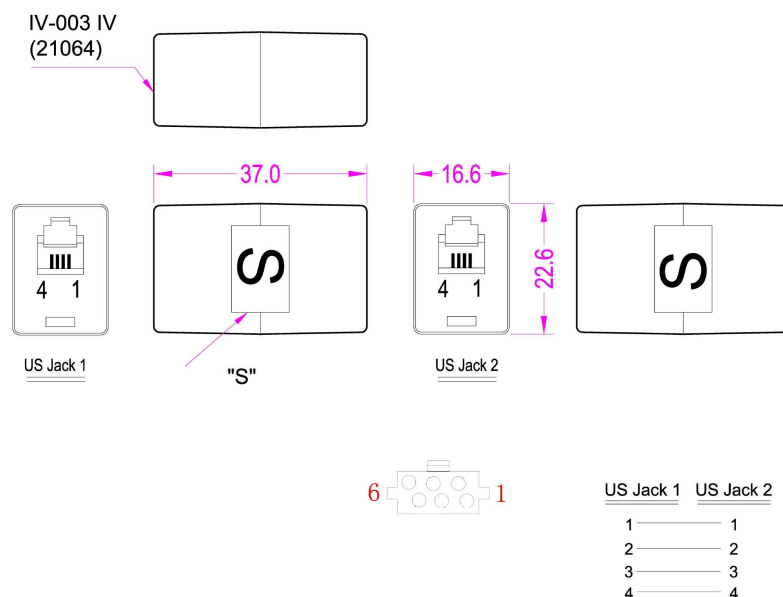

- The Modular Adapter RJ10, 1-1 enables a direct, one-to-one connection between two RJ10 ports
- These adapters are typically built with high-quality materials to ensure durability and reliable performance
- The Modular Adapter RJ10, 1-1 is commonly employed in situations where a direct connection between two RJ10 ports is needed, such as in telephone systems or certain types of data communication equipment

Specification

Adapter Type	Straight
Connector Type A	RJ10 Socket
Connector Type B	RJ10 Socket
Contact Material	Copper
Contact Plating	Gold
Contacts	4
Operating Temperature Max.	60 °C
Operating Temperature Min.	-30 °C
Number of Positions	4
Shielded	No
