

PCB Flat Film Detector (100 Ohm) Platinum Sensing Resistors – Thin Film

Pt100 Elements, Thin Film (100 Ohm)

- PCB Mounting with solder pads
- Pt100 to IEC751
- Thin film construction
- Resists vibration & shock
- Temperature range -50 to 150°C

| Resistance | Dimensions (width x length) | Tolerance Class | Order code |
|------------|-----------------------------|-----------------|---------------|
| Pt100 | 1.6mm x 3.2mm | Class B | RND 410-00027 |
