## Datasheet

# Translucent Green Welding Curtain

RS Stock number [712-220](#)

### Description:

Each 6' x 6' green single panel welding screen includes a durable tubular steel frame and one piece of 14 mil translucent vinyl material. The translucent material provides protection for passer byers from harmful radiation while still allowing spectators to view. The 14 mil vinyl screen is flame retardant and resistant to oil, water and mildew.
