## Approval

DEMKO hereby grants approval of the following:

Plug connector, rewirable  
of thermoplastic material  
for class I appliances  
10 A 250 V~ , standard sheet E  
marked: "B" (Trademark)  
01) type P686  
02) type P686/SE (side entry)  
own manufacture  
ordinary degree of protection against moisture

The product type has been tested according to the Danish Heavy Current Regulations, Section 122-1 (EN 60320) and EN 60320-2-2.

The approval applies to products, strictly identical with the submitted and approved product type. If you make any alteration of the product, including the marking, you are obliged to inform DEMKO about this by letter.

The approval has been granted according to CENELEC Certification Agreement, Notification of Test Results No. SOP 0019 of 1993-11-08 on the basis of tests carried out by BSI.

The approval of the product only applies to the design tested out by BSI.

The approval entitles the licensee to provide the product with the registered approval mark ©.

The approval is valid for 10 years unless otherwise notified or the regulations are changed.
