0-65-492

### Features:

- Pozi 0 x 75mm
- Parallel 2.5mm x 50mm, 3mm x 50mm, 3mm x 100mm
- Phillips 00 x 50mm, 0 x 75mm

### Description:

The STANLEY FATMAX® 6 Piece Instrument Set has been constructed using chrome vanadium steel, which allows for high torque and reduces the chances of tip breakage. The soft grip handle design offers a perfect grip and reduction in fatigue during application. The handle design has been moulded to the bar creating a virtually unbreakable bond that is highly reliable, enhancing the tool life. The smooth domed colour coded end offers a fast spinning action and easier identification for selecting the correct screwdriver for the correct application.
