## STANLEY Bi-Material Single Pull Cutter

STHT10356-0

- Completely recessed blade helps reduce risk of injury
- Hook piercer pierces and cuts through single and double wall corrugate cardboard
- Slip-resistant bi-material grip for comfort and control
- Integrated metal tape splitter pierces and cuts through thick layered tape in one motion
- Lightweight construction helps reduce user fatigue
- Lanyard tether for easy transportation, security or storage

### Description:

The STANLEY Single-Sided Bi-Material Pull Cutter has a completely recessed blade, integrated metal tape splitter, slip-resistant bi-material grip, and hook piercer that pierces and cuts through single/double wall corrugate. The lightweight design helps reduce user fatigue when working continuously with cutting tools in a fast-paced environment. The safety cutter reduces the risk of cuts, lacerations, and punctures on the job.
