Please see pictures below as example for the modifications that have been realized for the products listed above:

Old plastic bag Semi-transparent on both sides	New plastic bag Semi-transparent on one side and transparent on the other side
	

Pushing Performance

HARTING Product Change Notification

PCN

Old printing

New printing slight change in print style

3. Impact on product specification:

The changes are without effect on function.

4. Scheduled date of implementation:

We will start to implement the changes in December 2016, beginning with the Q12, followed by Han-Yellock®, Q 8/0 and the other products.
Please be aware that mixed deliveries (old and new versions) might be possible for the next months.
