1-93-278

Features:

- Maximum storage and easy transportation for larger tools
- Extra large rust resistant metal latches
- Durable and long lasting with padlock eyes for security
- Integrated key lock for added security
- Butterfly screws on top lid for tools and accessories
- Removable tote tray offers additional storage
- Wide telescopic handle with soft grip, suitable for use with gloved hands
- Heavy duty road tested wheels

Description:

The STANLEY Chest with Metal Latches offers a maximum storage, constructed from plastic for added durability and enhanced longevity. The chest can store up to 50 gallons allowing for larger tools and workshop material. The heavy duty wheels have been road tested offering an easy to transport mobile solution. The removable tote tray can be used to store small accessories depending on your organizational needs. Levels, hand saw and accessories can be attached using the butterfly screws on the top of the lid. The toolbox has an ergonomic soft grip telescopic handle, and sturdy extra large metal latches and integrated key lock for added security.
