

## Datasheet Product KL 35 50

Accessories for heat sinks and other electronic components > Fastening material for mechanical components > Universal DIN rail mountings

- Universal, solid aluminum clamp fastening for all 35 mm mounting rails
- suitable for rail material thicknesses from 1 to 2.3 mm according to DIN EN 60 715 (formerly DIN EN 50 022)
- Quick and easy installation of heat sinks, housings etc. by direct snapping onto the mounting rail
- secure hold due to sturdy extruded profile with integrated wire-shaped spring made of stainless steel
- Special lengths ( $\geq 40$ mm), machining and surfaces on request
- \* = Examples of mounting rail variants suitable for KL 35

## Specifications

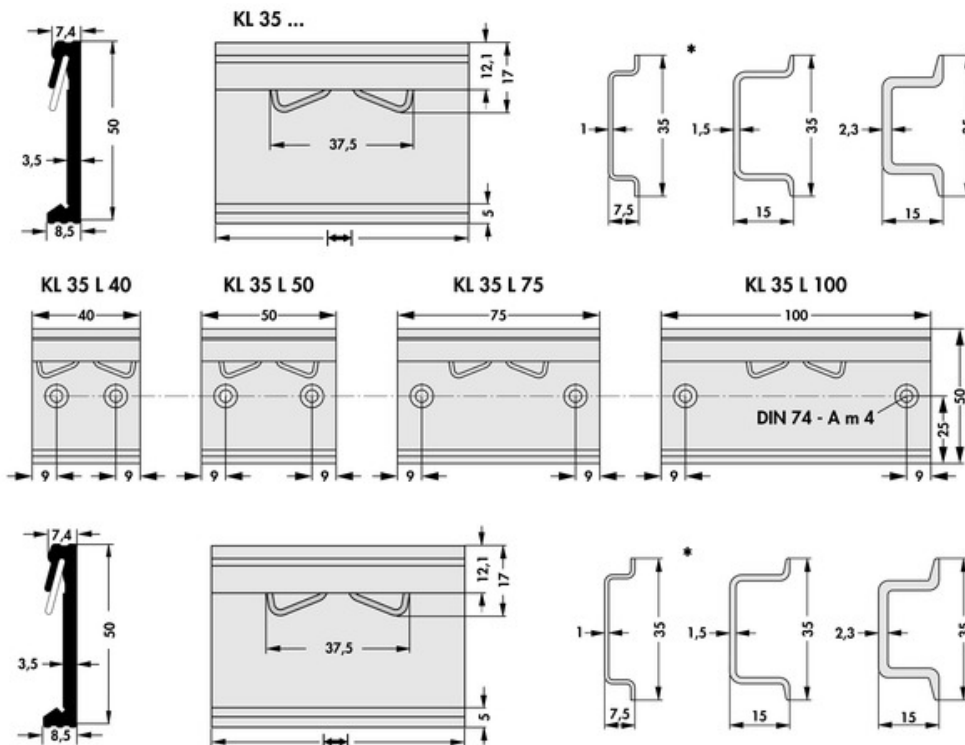

Material:

aluminum

Surface:

natural colored anodised

## Technical drawing

Length: 50 mm
