Impact Drills, Drills, Screwdrivers

Uncompromising **versatility**

The professional impact drills and screwdrivers meet the high requirements of the trades with regard to power, versatility and precision. Whether it be impact drilling, drilling, screwdriving or stirring: the impact drills for trade and industry with high-performance motors leave nothing to be desired. The screwdrivers from Bosch are the expert tools for precisely driving rows of screws in drywall and wall construction. Bosch offers the right drill and the right screwdriver for all professional drilling and screwdriving applications.

NEW! The new Bosch Tile Router GTR 30 CE Professional and the Tile Dock GTD 1 Professional are the ideal solution for easy and precise tile working.

For more information, see P. 62 – 63

Tested by professionals: the Impact Drill GSB 19-2 REA Professional

“The integrated dust extraction is really great. No more drilling dust. When working in offices during office hours, we used to have to work in pairs on every hole – one holding the impact drill, the other holding the vacuum cleaner. Thankfully we don’t have to anymore.”

Klaus Brücher, master carpenter

Impact Drill GSB 21-2 RE Professional

The most powerful tool in its class – for the toughest applications

- ▶ Bosch high-performance motor (1100 W) with high torque for the most heavy-duty applications with large diameters (drilling, working with core cutters and holesaws), screwdriving and stirring
- ▶ Sturdy metal gear housing for a long lifetime
- ▶ Antirotation mechanical overload clutch for a high level of work safety, even in the toughest applications
