

LENOX Speed Slot® Hole Saw With T3 Technology™

3001717L

- T3 Technology™ for up to 50% longer life
- 2X More durable compared to previous version
- SPEED SLOT® staircase design for fast, easy plug ejection
- Increased wall thickness improves durability and minimizes tooth loss
- Optimized tooth design penetrates metal with ease
- Improved metal cutting performance
- Larger, sharper teeth remove more wood for fast cutting

Description:

The LENOX Speed Slot® Hole Saw 27mm with T3 Technology™ delivers up to 50% longer life and is up to 2x more durable than prior generations. The advanced tooth design and 10% increased wall thickness improves durability and minimized tooth loss. The Speed Slot® staircase allows for fast and easy plug removal. The enhanced tooth geometry, a thin kerf design, and advanced coating contribute to the efficiency of the cutting process.

Specifications	
Size	27mm
Material	Bi-Metal
Fits Arbor	1L, 4L, 5L
Quantity	1
