Product Parameters

Model	JMS19
Functions	Oxygen%VOL/CO PPM/ flammable gas %LEL/H_2S PPM
Display Screen	Colorful screen
HOLD Function	Lock current test data
Function Test	Real time/minimum/ maximum functions
Record/History/ Delete Functions	√
Real-time Ambient Temperature	℃/℉
Backlight Function	15S/30S/1 minute/normal on
Automatic Shutdown	15 minutes/30minutes/never
Alarm Voice	On/Off
Automatic Calibration	√
Threshold Adjustment	√
Record Interval	1~999 S
Factory Reset/all Erase Functions	√
Power Supply	3.7V polymer lithium-ion batter
Product Dimensions	145×66×33mm

Packing List

Gas Detector	1 set	Type-C USB cable	1 piece
User Manual	1 copy	Colorful box	1 piece
Certificate/ warranty Card	1 copy	Considerations card for the lithium battery	1 copy
Hose	2 piece
