**Simplifies your work:** Ideal for working on edges and in corners thanks to the square blade shape

**Increases your efficiency:** Ergonomic handle shape allows the blade to be optimally guided.

**Application:** Removes sealing materials, glue residue, tape, labels.

A tool set would be incomplete without a scraper to remove sealant and adhesive residues from hard surfaces. Wiha's universal scraper is the optimal choice for such cases. Thanks to its ergonomic SoftFinish® handle, this robust tool fits perfectly into the hand. Optimal guidance is also guaranteed for the razor-sharp blade. The superbly crafted blade is 13 mm wide and ideal for working on edges and corners thanks to its rectangular shape. If a blade is blunt, it can be replaced easily in seconds. Besides the universal scraper, the set includes ten replacement blades.

Content:

- 1x SoftFinish® universal scraper 27.5 mm (23159)
- 1x Replacement blade set, 13 mm wide 10-pcs. for universal scraper in blister pack (27606)
