Pro for life

Set of 5 screwdrivers AWCK.J5PB

— 4x100 - 6,5x150 - 8x175

+ PH1x100 - PH2x125

Optimum transmission of impact gives significantly reduced hammer rebound and vibration in the hand for increased comfort and efficiency:

The **specific polyamide connection** between the blade and the metal insert ensures **excellent transmission of hammer blow energy and decreases the back shock**, origin of rebound and vibration in the handle.

Excellent grip :the ergonomic, soft-coated Protwist handle gives a firm, comfortable grip.

Heavy duty : the wide, rounded metal strike insert combined with a 73 Mo hexagon steel blade gives excellent durability and performance.

Single screwdrivers also available:

Slotted 4 to 14 - PH 1 to 3 and PZ 1 to 3
