

High Temperature PCB Oven Rack

ESD-Safe Universal PCB Holder

This metal universal PCB holder can hold up to 30 PCBs at temperatures of up to 300°C (572 Degrees Fahrenheit). The PCB rack is suitable for use with the high temperatures experienced with drying ovens, for various processes when manufacturing and processing PCBs. Also very popular for various screen printing applications.

Features & Benefits

Safe for use in ESD-protected areas

Constructed from stainless steel metal

Drainage Holes

Suitable For Cleanroom use

Overall Dimensions:-

Width 100 mm Height 10 mm Length 277 mm

Weight 0.3kg

Maximum thickness of circuit board that can be accommodated in each slot is 2.5mm
