

Single and Double Gang Angled Back Boxes:

Single and Double Gang Angled Back Boxes (3LA, 3LAG2):

Our range of angled back boxes is a cost-effective solution for simple and stylish corner mount applications, suitable for use with standard UK single and double gang faceplates. Ideal for use by voice and data installers but also suitable for multi-media and mains electrical.

Features:

- Suitable for bench mounting installations or corner installations, these pattresses are designed to accommodate standard 1 gang (86x86) and 2 gang (86x146) faceplates.
- Angle provides ease of access and increased depth allowing for wider range of connectivity
- Selection of mounting holes for ease of installation
- Cable entry knockouts on all sides of the back box as well as the base for maximum flexibility
- Suitable for use as a pedestal box
- Also available in black to order
