

BU-34M

(Micro Alligator Clip)

- The BU-34 is a micro alligator clip designed to be used in coastal/marine environments. The solid copper and stainless steel construction provides excellent corrosion resistance and testing has shown that these clips will last up to five times longer than traditional steel or copper clips. Can be attached up to 18 AWG wire via solder or crimp connections. Jaw opens to a maximum of 0.22" (5.6mm). Can mate with BU-36 series insulators.
- Material:

Clip	Solid copper
Spring	302 stainless steel
Rivet	302 stainless steel
- Overall length 1.10" (28mm), overall width 0.20" (5.1mm), overall height 0.31" (7.9mm), jaw nose width = 0.06" (1.5mm)
- Ratings:
 - Current: 5 Amps
- RoHS compliant
