

BU-21AHT

(High Temperature, Heavy Duty Automotive Clip)

- The BU-21HT is a high temperature version of the BU-21 center spring clip. It is manufactured with high temperature components which allow it to be used in applications that reach 1100°F (593°C). The maximum clip temperature is determined by the combination of the ambient temperature and the current (amps) being pulled through the clip.
- Attaches to test wire by a 10/32 screw, included. (wire up to 8 AWG can be used, a ring terminal is recommended)
- Length: 4.1" (104 mm), Width .75" (19mm), Height 1.6" (41mm)
- Jaw Opens 1-1/16" (27mm) Max.
- Rating: 50 Amps @ 900°F (482°C)
- Made from zinc plated CRS.
- Available High temperature Silicone Insulator (BU-23S-*)
- RoHS2 Compliant
