

## WARRANTY INFORMATION

Every Makita product is thoroughly inspected before they leave the factory and can be guaranteed to be free of defects, in both workmanship and materials, **for a period of one year beginning the date of the products original purchase. This can be extended to a 3-year warranty if the product is registered within 30 days of purchase at <https://makitauk.com/3-year-warranty>**

Should the product develop any faults during this period, due to defective workmanship or materials, it can be returned using this link <https://makitauk.com/returns-form>

You will need to provide some information including proof of purchase and details of the fault. Our Service Team will send you a Return Material Authorisation via email and arrange a collection. Please read the content in the link for full details.

Another option is to use one of our 4 Factory Service Centres, if you are close by, where we offer a “DROP & GO” service.

To use the “DROP and GO” service, you can turn up at one of our FSC's, hand over your Makita tool/item, and we will ask you provide your contact details to one of our friendly Makita staff. Makita will then arrange for your tool to be inspected. We will aim to contact you again within 72hours with an update.
