

click USB adapter

PID: MIKROE-1433

Click USB adapter board provides the necessary interface for connecting Click™ add-on [Click boards™](#) to your PC through USB connection. It features FT2232H dual high speed USB to multipurpose IC, AD converter, EEPROM memory and [mikroBUS™](#) host socket.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
 ISO 14001: 2015 certification of environmental management system.
 OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).

Specifications

Type	StartUSB
mikroBUS No.	1
Supply Voltage	USB
Category	StartUSB
