DURACELL®
COMPANY

POWER YOUR PROFITABILITY WITH PROCELL®

Procell has developed a dual portfolio of batteries to serve the needs of professional users and power the profitability of their business. Procell Intense Power is engineered to deliver precise pulses of energy while lasting longer in High drain devices. Procell Constant Power delivers consistent power for longer lasting usage in low drain devices.* By selecting the right battery to match the power needs of your devices, you can make batteries last longer and replace them less often which helps your business save money.

Visit Procell.com to know more and make the right battery choice for your needs.

FOR HIGH DRAIN DEVICES

- Require high current over short periods of time
- More functions demanding more power
- Frequent usage
- Mostly motorized & creates movement upon operation
- Frequent replacement cycle

FOR LOW DRAIN DEVICES

- Require low current over longer periods of time
- Fewer functions
- Infrequent usage, idle most of the time
- Non motorized & typically no movement upon operation
- Longer replacement cycle

*vs Prior Procell Alkaline AA, AAA, C, D & 9V batteries.
