RS Pro Grade 3 Roller shutter alarm contact

Specifications

- Dual contact EOL
- Reed based magnetic interference protection
- Maximum switching voltage 15 V DC
- Maximum switching current 0.5 Amps
- Tamper protection
- Supervised EOL zone protection
- 35mm Operating gap
- Adjustable resistance value through wire combination
- Operating temperature -40°to +50°Celsius
- 1 metre Armoured cable
- Cast Aluminium housing
