

Art.Nr.: 0055JD

EAN:
4003008014112

ERSA 50 S

This standard soldering iron is particularly suitable for copper conductor soldering up to a maximum cross section of 2,5mm

Supplied with ERSADUR long-life soldering tip 0052JD and tool holder 0A04

Technical data

Power rating:	50W
Supply:	230V
Preheating time:	180s
Max Temperature:	400°C
Coating Tip:	ERSADUR tip
Shape of soldering tip:	chisel-shaped
Soldering tip diameter:	3,2mm
Soldering / Desoldering tip:	052
Replacement heating element:	E005100
