SLIM LED

LOW PROFILE LINEAR LED

PRODUCT DESCRIPTION:

SLIM LED is a family of compact, low-profile LED luminaires designed for installation in both interior and exterior applications. The different length LED modules offer installation flexibility in a wide variety of applications. SLIM LED is ideal for areas requiring small form factor, waterproof (IP67) lighting equipment. Use on stamping machines, small machine compartments, saws, printing presses, work station applications, automation technology, food processing, etc. Optimal linear flood lighting is delivered using the latest LED technology, in which the LEDs are directly attached to a

flexible circuit board. SLIM LED is impervious to shock and vibration common in manufacturing, machining and production environments. The sleek profile of SLIM LED allows adjustability to 35° in either direction. SLIM LED offers premium lighting perfomance in a small, rugged housing designed to fit into small enclosures. SLIM LED works in areas other lighting solutions won't. Its high-output LEDs and compact size allow powerful illumination of the work surface, while providing exceptional energy-efficiency, low-voltage safety and design flexibility. Also suitable for use in exterior applications requiring waterproof, low-voltage luminaires, installed in continuous runs.

FEATURES:

- Housing is less than 1in (22mm) wide
- Completely waterproof (IP67), but not for use with coolants and lubricants
- Suitable for interior or exterior use
- Aluminum extruded housing
- Ideal for linear floodlighting applications
- Minimal installation dimensions
- 50,000 hours maintenance-free operation
- Impact and vibration resistant
- Adjustable version rotates 35°
- Clear or satine lens available
- Lengths: 7.7in (196mm), 13.2in (336mm), 24.3in (616mm), 35.3in (896mm) and 46.3in (1176mm)

PRODUCT INFORMATION

ADJUSTABLE HOUSING

Voltage: Lamping: Luminaire Body: Operation: Lens Cover: Protection Rating: Beam Angle: Versions: 24V DC
3.6W LED module
Anodized extruded aluminum
No integral switch, connect to external switch
Clear, satine or no lens
IP67
Wide flood
Adjustable or fixed housing

EXTERNAL OPERATING DEVICES

Required for 120-277V operation

	MAX WATTAGE	OUTPUT	VOLTAGE RANGE	PART #
	20W	24V DC	120-240V, 50/60Hz	209 585 029
	50W	24V DC	24V DC 120V, 50/60Hz	
75W		24V DC	120-277V, 50/60Hz	209 585 031
	30W Plug-in	24V DC	100-240V, 50/60Hz	309 414 040
