Please be informed that the data shown in this PDF document is generated from our online catalog. Please find the complete data in the user documentation. Our general terms of use for downloads are valid.

PCB terminal block, nominal current: 32 A, rated voltage (III/2): 1000 V, nominal cross section: 4 mm<sup>2</sup>, number of potentials: 4, number of rows: 1, number of positions per row: 4, product range: MKDS 5 HV, pitch: 9.52 mm, connection method: Screw connection with tension sleeve, screw head form: L Slotted, mounting: Wave soldering, conductor/PCB connection direction: 0 °, color: green, Pin layout: Linear back pinning, Solder pin [P]: 5.2 mm, number of solder pins per potential: 1, type of packaging: packed in cardboard. The article can be aligned to create different nos. of positions!

## Your advantages

- Well-known connection principle allows worldwide use
- Low temperature rise, thanks to maximum contact force
- · Allows connection of two conductors

## Commercial data

| Item number                          | 1906129       |
|--------------------------------------|---------------|
| Packing unit                         | 50 pc         |
| Minimum order quantity               | 50 pc         |
| Sales key                            | AA14          |
| Product key                          | AANFDD        |
| GTIN                                 | 4017918476755 |
| Weight per piece (including packing) | 13.148 g      |
| Weight per piece (excluding packing) | 13.148 g      |
| Customs tariff number                | 85369010      |
| Country of origin                    | PL            |

## Technical data

### Product properties

| Product type              | Printed circuit board terminal   |
|---------------------------|----------------------------------|
| Product family            | MKDS 5 HV                        |
| Product line              | COMBICON Terminals L             |
| Туре                      | PC terminal block can be aligned |
| Number of positions       | 4                                |
| Pitch                     | 9.52 mm                          |
| Number of connections     | 4                                |
| Number of rows            | 1                                |
| Number of potentials      | 4                                |
| Pin layout                | Linear back pinning              |
| Solder pins per potential | 1                                |

### **Electrical properties**

| Nominal current I <sub>N</sub> | 32 A   |
|--------------------------------|--------|
| Nominal voltage U <sub>N</sub> | 1000 V |
| Degree of pollution            | 3      |
| Rated voltage (III/3)          | 800 V  |
| Rated surge voltage (III/3)    | 8 kV   |
| Rated voltage (III/2)          | 1000 V |
| Rated surge voltage (III/2)    | 8 kV   |
| Rated voltage (II/2)           | 1000 V |
| Rated surge voltage (II/2)     | 6 kV   |

### Connection data

## Material specifications

Material data - contact

| Note                                     | WEEE/RoHS-compliant, free of whiskers according to IEC 60068-2-82/JEDEC JESD 201 |
|------------------------------------------|----------------------------------------------------------------------------------|
| Contact material                         | Cu alloy                                                                         |
| Surface characteristics                  | Tin-plated                                                                       |
| Metal surface terminal point (top layer) | Tin (4 - 8 μm Sn)                                                                |
| Metal surface soldering area (top layer) | Tin (4 - 8 μm Sn)                                                                |

Material data - housing

| Color (Housing)                                                       | green (6021) |
|-----------------------------------------------------------------------|--------------|
| Insulating material                                                   | PA           |
| Insulating material group                                             | 1            |
| CTI according to IEC 60112                                            | 600          |
| Flammability rating according to UL 94                                | VO           |
| Glow wire flammability index GWFI according to EN 60695-2-12          | 850          |
| Glow wire ignition temperature GWIT according to EN 60695-2-<br>13    | 775          |
| Temperature for the ball pressure test according to EN 60695-<br>10-2 | 125 °C       |

#### Notes

| Note on application | For safe conductor connection, always adhere to a defined<br>tightening torque. Particularly in the case of PCB terminal blocks<br>with two or three positions, the individual solder pin for each |
|---------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|                     | with two of three positions, the individual solder pin for each                                                                                                                                    |
|                     | contact point cannot compensate for this. That is why the                                                                                                                                          |
|                     | terminal blocks must be supported during conductor connection                                                                                                                                      |
|                     | (held with one hand, support on the housing).                                                                                                                                                      |

## Dimensions

| Dimensional drawing | h<br>p   |

## Accessories

SZS 0,6X3,5 - Screwdriver

1205053 https://www.phoenixcontact.com/us/products/1205053

Actuation tool, for ST terminal blocks, insulated, also suitable for use as a bladed screwdriver, size:  $0.6 \times 3.5 \times 100$  mm, 2-component grip, with non-slip grip

### SK U/3,8 WH:UNBEDRUCKT - Marker card

#### 0803906

https://www.phoenixcontact.com/us/products/0803906

Marker card, Din A4, white, unlabeled, can be labeled with: PLOTMARK, CMS-P1-PLOTTER, Office printing systems, mounting type: adhesive, for terminal block width: 210 mm, lettering field size: 186 x 3.8 mm, Number of individual labels: 1440

1906129

https://www.phoenixcontact.com/us/products/1906129

B-STIFT - Marker pen

#### 1051993

https://www.phoenixcontact.com/us/products/1051993

Marker pen, for manual labeling of unprinted Zack strips, smear-proof and waterproof, line thickness 0.5  $\rm mm$ 

### MKDS 5 HV/ 3-9,52 - PCB terminal block

1904150 https://www.phoenixcontact.com/us/products/1904150

PCB terminal block, nominal current: 32 A, rated voltage (III/2): 1000 V, nominal cross section: 4 mm<sup>2</sup>, number of potentials: 3, number of rows: 1, number of positions per row: 3, product range: MKDS 5 HV, pitch: 9.52 mm, connection method: Screw connection with tension sleeve, screw head form: L Slotted, mounting: Wave soldering, conductor/PCB connection direction: 0 °, color: green, Pin layout: Linear pinning, Solder pin [P]: 5.2 mm, number of solder pins per potential: 1, type of packaging: packed in cardboard. The article can be aligned to create different nos. of positions!
