TECHNICAL DETAILS

DESCRIPTION

For super-slim SMT designs, this custom-made, 2x20 short SMT female header can be used to plug a Raspberry Pi HAT onto a B+ or A+ or Pi 2. It's harder to use than the Thru-Hole type headers, but for the slickest, slimmest fit, this header is recommended!

TECHNICAL DETAILS

- Spec Sheet / Diagram - part #C25582-40G-M36-0A
