

Weller®

New safety rest on WS 81 and WSD 81

Weller will change with immediate effect the previous safety rest of the soldering stations WS 81 and WSD 81 with the user-friendly safety rest KH18 with spring and simplified storage of the soldering iron.

Soldering Station WS 81, 80 W

The analog station for all applications and with the wide-ranging of Weller soldering tips.

- Analog controlled electronics for soldering tools up to 80 W
- Temperature range 50°C – 450°C
- Temperature control via rotary potentiometer
- Protection class 1
- Antistatic housing
- Equipotential bonding (normal state hard grounded)
- Automatic tool recognition

consists of:

Power unit PU 81, Soldering Iron WSP 80, Safety rest KH 18

Soldering station WSD 81, 80 W

The digital sister of WS 81.

- Digitally controlled electronics for soldering tools up to 80 W
- Temperature range 50°C – 450°C
- Temperature control via buttons
- 3-position digital display
- Calibration box WCB 2 may be connected for CALIBRATION, LOCK OUT or OFFSET function
- Protection class 1
- Antistatic housing
- Equipotential bonding (normal state hard grounded)
- Automatic tool recognition

consists of:

Power unit PU 81, Soldering Iron WSP 80, Safety rest KH 18
