Maximal dexterity and sensitivity for the most delicate handling

PRIMARY INDUSTRIES

IDEAL APPLICATIONS

- Assembly of small pieces such as small bearings, joints and springs

DESCRIPTION

- Ansell's HyFlex® 11-600, 11-601 and 11-605 industrial gloves are designed for light and delicate applications in dry environments that require maximal levels of dexterity.
- Like a second skin, they offer comfortable, exact handling of small objects.
- They also ensure product protection from glove-generated debris, and cross-product contamination.
- When your operators need precision and/or clean handling, HyFlex® 11-600, 11-601 and 11-605 gloves are the answer.
