Tork Low-Lint Cleaning Handy Bucket

Article	190492
System	W10 - Handy bucket big
Colour	Turquoise
Embossing	No
Number of sheets	200
Ply	1
Print	No
Roll diameter	16 cm
Roll length	60 m
Roll width	16.5 cm
Sheet length	30 cm

The Tork Low-Lint Cleaning Cloth is strong and flexible. The cloths come as a roll in a bucket that allows you make your own wet-wipes using the chemicals you need, with one-at-a-time dispensing and easy closing lid to prevent wipes from drying out.

Key benefits:

- Multipurpose cloth, handy for a wide range of tasks to limit number of different cloths needed
- Meets your cleaning needs due to suitability with most solvents, disinfectants, and detergents

Environmental

Tork Low-Lint Cleaning Cloth

This product does not contain any silicone.

Cellulose Pulp
Polyester

Cellulose Pulp

Cellulose pulp is produced either from softwood or hardwood coming from responsibly managed forests. The wood chips are boiled together with chemicals to remove the lignin between the fibres. The pulp is TCF (Totally Chlorine Free) or ECF (Elementary Chlorine Free) bleached in order to achieve a clean, bright and strong product, but also to increase the hygienic and absorbent qualities.

Polyester

Polyester fibre is produced from terephthalic acid and ethylene glycol, which react through condensation to polyester resin. The molten resin is spun to fibres through spinnerets and cooled with air. The fibers are then cut to intended fiber length.

Food Contact

This product fulfills the legislative requirements for Food Contact materials, confirmed by external certification performed by a third party. The product is safe for wiping food contact surfaces and may also come occasionally into contact with foodstuffs for a short period of time.

Packaging

Fulfilment of Packaging and Packaging Waste Directive (94/62/EC): Yes
