AVR-ICSP

6 - 10 PIN CROSS CONNECTION ADAPTER

AVR-ICSP is a cross connection cable which allows programmers with 6 or 10 pin connectors to be used with target boards with 6 or 10 pin connectors.

FEATURES

- Connects programmers with 6 or 10 pin ICSP to target boards with 6 or 10 pin ICSP connectors
- Uses Atmel's 2x5 pin ICSP and 2x3 connector layout
- Dimensions 20x15 mm (0.7x0.6") + 20 cm (8") cable

DOCUMENTS

- AVR-ICSP EU Declaration of Conformity
- AVR-ICSP UKCA Declaration of Conformity
