

Grove - 4 pin Female Jumper to Grove 4 pin Conversion Cable (5 PCs per PAcK)

PRODUCT DETAILS

4 pin Female Jumper to Grove 4 pin Conversion Cable is being made available based on requests from customers to use Grove modules directly with Arduino. The female jumper on this cable is compatible with 2.54 pitch pin headers. With this cable, you can easily connect all of Seede's Grove modules to any 2.54mm pitch connector.

Specification

- Grove side uses buckled connector (JST style 2.0mm pitch)
- Female jumper is 2.54mm pitch pin header compatible

Part List

- 5 Cables
