

# 687-348 Wire to Contact Adapter

Special Purpose

### Material and Finish

Contact Body: Tellurium copper alloy with gold, silver or tin plate (see part number development)

### Notes

Wire must be crimped or soldered to adapter prior to crimping or soldering electrical contact to adapter. For dimensional data, please consult factory.

**Outside diameter may exceed contact crimp-pot diameter, and is therefore not recommended for use in rear release contact style connectors.**
