Description

The Akyga AK-USB-31 cable has a symmetrical **Lightning connector**. It is used to charge batteries and transfer data from Apple devices. It is characterized by high quality of workmanship, so it is safe and durable. In addition, the **USB A plug** makes it suitable for use with a standard charger as well as with a computer. And the cable is longer than the standard **1.8m**, so it's comfortable to use.

This product is compatible with **Apple iPhone, iPad** and **iPod**, both older and newer generations.
