MINI BREADBOARD CLASSROOM KIT

Applications

The GS-170K2 Mini Breadboard Classroom Kit is a great way to prototype small projects and introduce basic circuits in the classroom. It is ideal for:

- Educational labs
- Hobbyists
- Arduino
- Raspberry Pi

Overview

The GS-170 Mini Breadboard Classroom Kit is the ideal starter kit for prototyping small projects in the classroom. Included are 24 mini breadboards (3 of each color: black, red, orange, yellow, green, blue, white, and transparent), 300 pre-cut #24 gauge insulated stranded wire, 18 male to alligator clip, 18 male to IC clip, and 12 male to 9 V battery snap jumper wires. All wires come with gold-plated brass pressed pins for extended insertion life and maximum surface contact. The GS-170 Mini Breadboard Classroom Kit comes with both UL and RoHS.
