TX6A[™] Category 6A UTP Field Term RJ45 Plug

specifications

The TX6A[™] Category 6A UTP Field Term RJ45 Plug is a simple-to-attach plug for field termination of 4-pair unshielded twisted pair cable. Providing Category 6A performance the TX6A[™] plug is also compatible with Category 6 and 5e systems. The two-piece straight and up/down angled TX6A[™] plug terminates 4-pair, 22 - 26 AWG, 100 ohm unshielded twisted pair cable and uses proven TG-style forward motion termination technology to optimize performance by maintaining cable pair geometry while eliminating conductor untwist.

applications

The simple-to-attach TX6A^{TT} Field-Term Plug is ideal for connecting the increasing number of network-powered devices requiring a plug connection to the network and where field attachment of the plug to UTP cable is desired. Typical applications include:

- Wireless access points (WAPs)
- Network-attached Audio/Video equipment
- Power over Ethernet (PoE) LED lighting
- Network-attached Audio/video equipment
 Other PoE or HDBASE-T powered network
- devices
- IP security cameras and motion sensors Building access control points

technical information

Category 6A/Class E _A performance:	Exceeds ANSI/TIA 568-C.2 Category 6A and ISO 11801 Class E _A Channel performance requirements with up to two field term plugs in channel. Meets or exceeds proposed TIA Modular Plug Terminated Link requirements with up to two field term plugs in link
Cable compatibility:	Compatible with 4-pair, 22–26 AWG solid or stranded unshielded twisted pair cable with conductor insulation diameters of 0.060 in. maximum and overall cable O.D. 0.200 in. to 0.330 in
FCC and ANSI compliance:	Meets ANSI/TIA-1096-A (formerly FCC Part 68)
IEC compliance:	IEC 60603-7, IEC 60529 (IP 20)
RoHS compliance:	Compliant
PoE & PoH compliance:	Supports IEEE 802.3af / 802.3at (PoE/PoE+) and proposed 802.3bt type 3 and type 4 (PoE++) applications. Supports Power over HDBaseT up to 100 watts.
Plug mating cycles:	Rated to 2500 mating cycles
UL rated:	UL 1863 (Use as communications circuit accessory) UL 2043 (Suitable for use in air-handling spaces)
Operating temperature:	-40°C to +75°C (-40°F to +167°F)
Storage temperature:	-40°C to +75°C (-40°F to +167°F)
Required installation tools:	EGPT = Angled & Straight field term plug EGJT-1 = Straight only field term plug

key features and benefits

Field friendly, easier to handle during field installation, saving time and reducing termination error
Angled version allows improved cable routing in tight spaces
Easily fits in tight port spaces or high-density port configurations
Works with all commonly used solid and stranded UTP cabling
Proven electrical performance and quick installation speed from the same forward-motion termination technology used in Panduit's Mini- Com TG modular jacks
High performance capability and wide cable size range enable a single plug for all common UTP cabling systems
Ability to re-terminate up to 20 times with no additional parts, providing convenience and cost-savings in cases when plug must be re-terminated to cable
EGPT is a fold-able, lightweight tool which terminates the straight and angled field term plugs. EGJT-1 is a fold-able, lightweight tool which terminates the straight field term plug
