## Product description

|                            |                                                                                                                                                                                               |
|----------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description:</b>        | For securing operating instructions or plans (A4 size) at eye level.                                                                                                                          |
| <b>Function principle:</b> | Prepared for mounting on the right-hand side. Mounting on the left is also possible by unscrewing and moving the clip part.                                                                   |
| <b>Material:</b>           | Clipboard: Sheet steel<br>Clip part: Aluminium                                                                                                                                                |
| <b>Surface finish:</b>     | Clip part: Natural anodised                                                                                                                                                                   |
| <b>Colour:</b>             | RAL 7035                                                                                                                                                                                      |
| <b>Note:</b>               | Depending on the application, a different handle system is required<br>For mounting purposes, a straight tube length of $\geq 200$ mm, $\varnothing 20$ mm or $\varnothing 25$ mm is required |
