

RC / WM SERIES

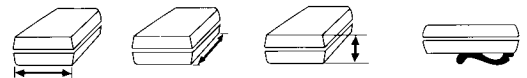

The RC Series offers two unique handheld enclosure designs, with a low-profile appearance and ruby infrared lens. The WM Series is a new vertical and horizontal wall-mountable housing with a display area ideal for a wide variety of wall-mounted systems and controls. Customization areas permit inexpensive changes to exterior styling and modifications for LCDs and keypads.

STANDARD OPTIONS

- Insert tooling areas
- Ruby infrared lens (RC only)
- Battery compartment
- EMI/RFI shielding
- Standard and custom membrane switches
- Custom panels & overlays
- Belt clip (RC only)
- Wrist strap (RC only)
- Flame retardant materials
- Connector cutouts
