## STANLEY Rolling Workshop

1-79-206

### Features:

- Complete mobile solution for large and small tools and accessories
- 19" Detachable plastic tool box with drawer
- Aluminium telescopic handle allows easy manoeuvrability
- Flip bin for larger tools with back pocket for saws and levels
- Large metal rust proof latches with padlock eye
- 2x drawer unit with heavy duty ball bearing slides
- Heavy duty 7" road tested wheels

### Description:

The STANLEY Rolling Workshop with heavy duty 7" wheels is a perfect mobile storage solution, constructed from plastic for added durability and enhanced longevity. The unit has two drawers that are both shallow and deep, which is ideal for storing accessories and small parts. The ball bearing slides enable smooth opening whilst under load. The bottom flip bin with back pocket can be used to store long tools such as saws and levels. The toolbox also has an aluminum telescopic handle for easy elevation, which can be lowered for storage.
