

HDMI EXTENDER

HDMI Over Ethernet Extender

The HDMI Extender by Cat5e/6 uses one piece of Cat5e/6 cable to extend the HDTV display up to 50 meters. For 1080p use Cat6 cable. It not only breaks the limitation of the HDMI cable transmission length, but also Cat5e/6 has more flexibility and convenience in cable construction.

Specification

- Supports POL (Power on Line), which enables the receiver to receive power from the sender side via Cat6e cable
- Supports CEC function
- Supports IR function
- Supports transmission via one length of Cat5e or Cat6 cable
- Supports a maximum resolution of 1080p @ 60Hz
- Supports HDCP
- Maximum length using Cat6:
 - 1080p - 50m
 - 1080i / 720p - 80m
 - 480p - 100m
