

STANLEY

STANLEY 14 In 1 Multi-Tool

STHT0-70695

Features:

- Steel locking plates each tool locks into place when in use, eliminates folding and aids access
- Bi-material outer for grip and control
- Pocket sized ideal for all trades and hobbies

Description:

The STANLEY 14 in 1 Multi-Tool has been built with a heavy duty design, the steel locking plates allow each tool to lock securely eliminating folding. The multi-faceted tool features a saw, knife, screwdriver, file and 1/4" SD socket driver with 8, 10, 13mm sockets. The bi-material coating on the outer part of the tool offers improved grip and control. The compact pocket sized design is ideal for both a tradesman and hobbyist.
