

Jonard's long nose pliers are made of heat treated carbon steel with induction-hardened cutting edges for maximum strength and durability. These long nose pliers feature the following:

- Side cutting edges, crushing slot, 0.030" stripping hole for 22 AWG wire, and thin knurled nose to facilitate handling of wire while working on terminals
- Ergonomically designed handle with dipped plastic grip for greater comfort and torque
- Side-cutting blades on jaw cut wire with ease
