

WYPALL[®]
BRAND

***THE RIGHT TOOL
FOR EVERY TASK***

THE RIGHT TOOL FOR EVERY TASK

The world's largest manufacturing companies trust WypAll®.

That's because each product in the WypAll® range of Professional Wiping Paper, Wypall® Industrial Cloths and Kimtech® Critical Cleaning Wipes has been carefully designed with the task in mind.

From a simple water spill to industrial fluid absorption, from a hospital ward to the toughest manufacturing environment, WypAll® delivers high performance and consistent quality. Every wiping task has a standard to meet. WypAll® helps every user exceed it.

CLEANING & HYGIENE RANGE

WypAll® helps users in environments like food service, hospitality and healthcare to maintain and exceed the cleaning and hygiene standard they are held to.

This range of portable, easy to handle products is designed for light hygiene wiping tasks such as cleaning food preparation surfaces, segregated cleaning, or general purpose janitorial wiping in contract cleaning and building service.

PRODUCTION & MAINTENANCE RANGE

OUR UNIQUE TECHNOLOGIES

Airflex™ is our unique highly absorbent paper technology. The paper is dried by having hot air blown through it, mixing up the fibres to create strength, and creating absorbency cells that soak up water fast.

Using our unique Hydroknit™ Material, Wypall® cloths are manufactured by entangling pulp and polypropylene together using high pressure water jets. The result is a highly absorbent cloth that is strong and durable when wet, contains no adhesives or binders, is resistant to most solvents, and can be used again and again.

WHICH PRODUCT FORMAT?

Compact Roll

Portable and easy-to-handle rolls, perfect for small spaces.

Centrefeed

Versatile mid-size rolls for use inside or outside a dispenser.

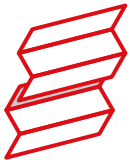

Jumbo Roll

Large rolls with big sheets and high capacities, for process environments.

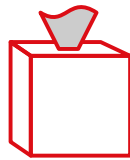

Quarterfold

Pre-folded square sheets, taken one at a time from a hygienic wrap or dispenser.

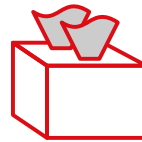

Interfolded

Sheets folded together so that dispensing one sheet pulls the next through.

Pop-up Box

Small and portable dispensing box of individual sheets.

Brag™ Box

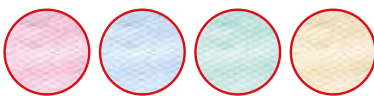

Mid-size double-sided bench-top dispensing box of individual sheets.

Wettask™

Refillable, airtight system to pre-soak cloths with your chosen solvent or disinfectant.

WHICH COLOUR?

Colour-coded (Red/Blue/Green/Yellow)

Choose a colour-coded cloth to identify different wiping tasks in segregated cleaning.

Blue

Choose blue for food hygiene compliance, or for oil or water saturation to be visible.

White

Choose white to see that dirt has transferred from surface to sheet, or when dye-free is needed for use with chemicals.
